Data Dictionary for "List of new datasets in Annual Open Data Plans/ Consolidated Annual Open Data Plans (Spatial Data Plans included) of Bureaux and Departments"

The dataset provides a consolidated list of new datasets planned to be open up according to Annual Open Data Plans/ Consolidated Annual Open Data Plans (Spatial Data Plans included) of Bureaux and Departments.

Name	Description	Remarks
Source	**Mandatory**. The source which this list is referred to.	**Data type:** String
As of Date	**Mandatory**. The date which the snapshot of annual open data plans is taken.	In **yyyy-mm-dd** format
Data	**Mandatory**. Array of data which is described by other fields.	**Data type:** Array of objects Each object contains the following keys: • Data Provider • Other Organisation • Type of Data • Name of Dataset • Target Release Date • Data Format • Frequency of Update • Remarks
Data Provider	**Mandatory**. The full name of the data provider.	**Data type:** String
Other Organisation	**Optional**. Name of organisation in which providing the datasets (The Data Provider is the co-ordinating B/D in this case).	**Data type:** String
Spatial Data	**Optional**. Spatial Data included.	**Data type:** String **Possible values:** • Y • N
Type of Data	**Optional**. The type of data of the dataset.	**Data type:** String **If "Spatial Data" equals to "Y", possible values:** • Climate and Weather • Commerce and Industry • Development • Education

- Election
- Environment
- Geography
- Health
- Housing
- Labour, Community and Social Welfare
- Land Information
- Law and Security
- Population
- Recreation and Culture
- Sports
- Technology
- Transportation
- Utilities

Otherwise, possible values:
- City Management and Utilities
- Climate and Weather
- Commerce and Industry
- Community and Social Welfare
- Development, Geography and Land Information
- Education
- Election and Legislature
- Employment and Labour
- Environment
- Finance
- Food
- Health
- Housing
- Law and Security
- Miscellaneous
- Population
- Recreation, Sports and Culture
- Technology and Broadcasting
- Transportation

Name of Dataset	**Mandatory**. The name of the dataset.	**Data type:** String

Target Release Date	**Mandatory**. The target release date of the dataset.	**Data type:** String
Data Format	**Optional**. The file format of the dataset.	**Data type**: String
Frequency of Update	**Optional**. The update frequency of the dataset.	**Data type**: String
Remarks	**Optional**. Remarks	**Data type**: String
